INNOVATION MADE EASY

Welcome to Radiant Lighting, the home of lighting in Southern Africa, offering the most comprehensive range of lighting and electrical accessory products.

Our specialist buyers and procurement teams, search the globe for the latest in lighting décor and lighting trends, to bring you only the best and most highly innovative product lines.

Radiant prides itself on the biggest and most elaborate 4 storey lighting showroom in Southern Africa, based at our Wynberg offices, with a showroom in Cape Town as well as Durban. We invite you to browse our exclusive product range, while enjoying a complimentary drink at our showrooms. Our helpful sales assistants will guide you on the finer details of our extensive range, and ensure you make the best possible choice.

We are committed to quality. We are an ISO 9001:2008 certified company. Radiant offers unbeatable warranties on their product range. Radiant also hosts a range of solar emergency lighting products to ensure that you are never left in the dark.

The advent of LED technology is fast taking over the old incandescent lighting solutions. Radiant is now offering an extensive range of LED products. Radiant's eco-friendly range is environmentally friendly, and energy efficient. We are proud of our range of new lamps which are specifically geared towards energy saving and extended lifespan, to enhance their value and contribute towards a sustainable, greener future.

Our lighting and electrical accessory products are suitable for homes, offices, schools, warehouses, gardens and factories, just about anywhere that would require lighting. This catalogue shows our extended range of high quality products, available at affordable pricing for everyone.

For more information on any of our products please call our helpful and efficient sales team on (011) 386-0000. Further details can also be obtained from our website at www.radiant.co.za

Our Electrical Office Systems have a product range uniquely designed to suit individual customer needs. We supply a variety of different socket, data, telephone, VGA, HDMI, RCA, video, USB outlets and USB charging units which enables your workstation to be customized to your specific requirements and needs.

Our exciting Office Systems range will take your work stations and offices to the next level. Our unique and elegant designs will ensure an executive look to any workstation, office desk and boardroom table.

Our Range consists of the following listed below:

The Hera	Boardroom unit range
The Hipnos	Boardroom unit range
